Commerce  
**Leslie Sakai**, Asian American Architects &  
Engineers  
**Peter Ramirez**, SDVOB Corp  
**Arvin Chaudhary**, CELSOC  
**Diana LaCome**, National Concilio of  
America

## **I. Introductions**

District 4 Director Bijan Sartipi chaired the meeting of the September Small Business Council meeting. Mr. Sartipi announced that there has been an organizational change in the district where the Small Business work has been moved from our External Affairs Division to the Administration Division. Deputy District Director Dan Hess will be

*"Caltrans Improves Mobility Across California"*

leading this, following on the work that Deputy District Director Ruby Louie did. Assisting him will be Brian White.

## **II. Approval of June and July Minutes**

### **June 13, 2007 Meeting Minutes:**

Mr. Sartipi set aside approval of the June 13, 2007 minutes until the next meeting because some of the Council Members had not yet read the final draft. The June minutes were provided to the Council Members at the meeting.

### **July 11, 2007 Meeting Minutes:**

Mr. Guerrero pointed to the first and second questions asked by Mr. Altaha on page 4 regarding contractor selection criteria. Mr. Guerrero said that Ms. Nguyen's answers to these questions suggest that there is an unwritten rule. He asked that the minutes reflect that there is an unwritten rule for contractor selection criteria. After discussion among Mr. Guerrero, Mr. Sartipi, and Ms. Nguyen, Mr. Sartipi assured all of the council members that there are no unwritten rules. Mr. Guerrero asked that Mr. Sartipi amend the minutes to reflect that there are no unwritten rules for contractor selection criteria. Mr. Lau suggested that the Council accept the minutes as presented and make "checking on unwritten rules" an action item.

### **Approval of the July 11, 2007 Meeting Minutes**

**Motion:** Councilmember Eddie Lau

**Second:** Councilmember Paul Guerrero

**Opposed:** None

**Approved:** By consensus

**Action Item 2807** for Mr. Sartipi.

## **III. District 4 Updates**

### **Construction Update:**

Mr. Finney referred to the spreadsheet "Forecast of Upcoming Construction Projects in District 4" contained in the meeting folders to brief the council on this topic. In response to the question whether the delay in advertisement of a number of contracts was due to the state budget, Mr. Sartipi responded that it was not due to the budget situation.

### **Maintenance Update:**

Mr. Inyang said that there is no report by Maintenance on Minor B contracts this month since projects for the Minor B Program are not yet finalized. Maintenance plans to make a report showing how the Specialty Regions and Warehouse work with small business.

### **Architecture & Engineering (A&E) Update:**

Mr. Fuentes referred to the "Recent and Upcoming A & E Contracts" spreadsheet contained in the meeting folders to brief the council on this topic. He started by correcting row 34, column "Contract Type" to read "Material Testing." He said contracts

04A2915 and 04A2917 will be advertised this month. Three new contracts have been added on this spreadsheet as compared to the spreadsheet provided at the last meeting. He said that for now contracts 59A0598 and 0NEW21409 are cancelled.

Mr. Guerrero asked that a column be added to the "Recent and Upcoming A&E Contracts" spreadsheet to report achievement of goals. Ms. Nguyen said that the purpose of the "Recent and Upcoming A&E Contracts" spreadsheet is to show recently awarded and upcoming contracts only; however, the "Quarterly Small Business and DBE Report" does track the achievement of goals quarterly, and she will bring this spreadsheet to the next SBC meeting.

Mr. Lau observed that it seems like the goals are almost always met at RFP submittal time on the A&E side and almost never met on the Construction side. Mr. Sartipi agreed with this and said that we are not there yet with Construction, that it is an area for improvement.

Mr. Guerrero raised the concern that subcontractors may be listed on a RFP and not be told about it. Mr. Ramirez said that he received an award letter and was listed as a subcontractor by the prime, and the project was completed, he was listed, and he was never contacted. Mr. Sartipi asked if it was a Construction project, and Mr. Ramirez said it was. Ms. Fonseca explained that the resident engineer should have identified Mr. Ramirez's absence as a DVBE on the site and taken action from that point and asked for a substitution if he wasn't going to perform the work. Mr. Guerrero asked if the job was complete, and Mr. Ramirez said that it was, as far as he knew. Mr. Guerrero said that if the job was not complete, Mr. Ramirez should be writing a letter to Caltrans asking that payment be withheld. Ms. Fonseca agreed. Mr. Sartipi clarified that if a subcontractor gets a letter from the prime contractor saying that the subcontractor is going to be used on a job, it does not mean that he or she is in the first tier/layer. Potentially, Caltrans won't even know about a subcontractor if he or she is in the second or third tier/layer because Caltrans and the RE only see the first tier/layer of subcontractors. Mr. Sartipi asked that Mr. Ramirez give him information after the meeting so that it can be determined whether or not he was listed or just sent a letter.

Another issue is that Mr. Ramirez has not been paid for pouring of concrete on the Skyway job in Stockton. Mr. Sartipi pointed out that this is an ongoing job. Ms. Fonseca said that if Mr. Ramirez provided the service, he is due his pay. Mr. Chaudhary suggested that if Mr. Ramirez is a material supplier, Mr. Ramirez should file a stop notice.

**Toll Bridge Program (TBP) Update:**

Mr. Anziano was not present to make this update.

#### **IV. Review of Past Action Items**

Mr. Hess led a review of the outstanding action items from the 7/11/07 minutes.

### **#2007 and #2107 Ongoing**

Mr. Lau suggested that 2007 and 2107 be merged. Ms. Nguyen said that a task force has been assembled and this item is to be taken up at the statewide SBC meeting in December. The merged action items will be carried forward as **#2107**.

### **#2207 Complete**

Mr. Finney made a presentation describing the Contract Change Order Process. Mr. Sartipi added that the majority of the CCOs are site condition changes, quantity changes, and contract conflicts, and he gave examples of some of these. Mr. Finney explained that many of these CCOs are the result of unique and/or unanticipated conditions at a site. Mr. Vargas asked if it is possible, for CCOs that take a lot of time and are above \$200,000 or \$1 million, for small business participation to be kept in mind. Mr. Finney explained that CCOs that take a long time are often the result of settling a claim. For some CCOs, sections of the work have been done by small business. Mr. Sartipi explained that when we have these CCOs, often it is difficult to predict what will be needed and who is expert. Mr. Sartipi emphasized that the direction to Caltrans construction staff is that anytime they have the opportunity when there is a change, they should remind the contractor to use small business. Copies of a section of the Construction Manual were handed out.

### **# 2307 Complete**

Ms. Nguyen referred the Council to the spreadsheet called "District 4 Consultant Services Unit: List of Sub-Consultants for A&E Recent Contract Selections (SBC Action Item 2307)." Mr. Chaudhary asked if the names of the PMs would be added to this spreadsheet. Mr. Sartipi questioned the need to keep adding columns. Mr. Chaudhary explained 2307 is related to 2507. Mr. Guerrero suggested that 2307 be marked as complete and the issue of PM names be merged into 2507.

### **# 2407 Postponed**

Councilmember LaCome requested that Caltrans provide a periodic update of actual usage for the second and third layer of subcontractors on the Oakland Touchdown contract.

### **# 2507 Ongoing**

Mr. Sartipi and Ms. Nguyen questioned the relevance of providing the list of PMs on successful contracts to the goals of the SBC. Mr. Chaudhary stated that there is a perception among small businesses that if a small business does not have a former Caltrans employee as its PM, the small business won't get the job. Mr. Lau suggested limiting the scope and providing the names of PMs on only the 20 current projects. Mr. Sartipi agreed. Ms. Nguyen took the action item over from Mr. Ng and will provide the information.

### **# 2607 Ongoing**

Councilmember Altaha asked D4 to provide the Council with an overall percentage of SBE goal performance in the District, not just for A&E contracts.

### **# 2707 Postponed**

Councilmember LaCome asked Tony Anziano to provide information on the addendum to OCIP for the Oakland Touchdown project.

## **V. The Meeting Adjourned at 3:30 P.M.**

The next District 4 SBC Meeting is scheduled for October 16th, 2007, 1:30 P.M. The meeting after that is scheduled for November 14th, 2007. The meeting after that is scheduled for December 18th, 2007. Mr. Sartipi asked that if any Council Members have an issue with any of these dates, to please let him know. If a quorum can't be achieved, the meeting will be rescheduled.

### **Announcements:**

- Toll Bridge Program Small Business Networking Event is scheduled for Friday September 27, 2007 at Pier 7 in Oakland. Register online at [www.baybridgeinfo.org](http://www.baybridgeinfo.org).
- Statewide SBC will meet in Sacramento on Friday September 21, 2007.
- Small Business Procurement Fair is scheduled for October 24, 2007 at Kaiser Building in Oakland.
- Hispanic Chamber is sponsoring the Mariachi Festival in the Fruitvale in Oakland this weekend. Mr. Vargas will send more information about a similar event happening in November.
